### YUMMY SKINCARE

FEED the skin with nutrients while teasing the tastebuds with a scrumptious scent from Delicious Beauty, a lip-smacking bodycare line. Grab a tropical feast with Papaya & Mango Scrublicious Body Scrub or Butterlicious Body Butter, or feel like an after-dinner mint with Mint & Cocoa Footlucious Foot Scrub and matching Foot Butter.

The yummy-sounding products cost £4.99 each from Tesco and Superdrug and smell good enough to eat!

### PUCKER UP PERFECTLY

FOR many women, those fine lines and wrinkles above the upper lip are a tell-tale sign that the ageing process is taking its toll. But there's a great new product that creates an instant fix.

Perfect Pucker from the Dr Denese range fills lines as soon as it's applied. With soluble marine collagen for an immediate plumping effect, the result is an almost flawless finish.

And it's also designed to have a longer-term benefit, as the peptide formula helps stimulate collagen growth.

It's really easy to use and the bonus is that you can use it after foundation.

Perfect Pucker costs £24.95 for an approximate two month supply of 10g and is exclusively available from Dr Denese on 0870 1900 003 or online at [www.drdenese.co.uk](http://www.drdenese.co.uk)

### FUZZ FREE FINISH

HAIR removal experts, Wax Away, have created a great new range aimed specifically at more youthful skin. A really comfortable gauze-like backing is coated with a lovely soothing lavender wax, which makes removal much easier.

Simply warm the strip between the palms of your hand and peel apart. Just follow the instructions for a fuzz free finish and rub over with supplied wipes to remove any lingering residue.

A pack of Miss Wax Away strips is available at £3.99 and for minor touch-ups and smaller areas why not try Miss Wax Away mini strips at £2.99, both available from Superdrug.
