

SMOOTH THAT SKIN!

Post winter skin can look dull and flaky. Liven up your complexion with a DIY micro-dermabrasion kit. Use once a week to remove dead skin cells that make the complexion appear lacklustre and elderly.

WE LOVE: **ROC Renewex MicroDermabrasion Expert Kit**, £39.95. This comes with a dinky vibrating massager that really leaves skin glowing and healthy, taking the edge off tiny wrinkles.

Keep skin super smooth with **Dr Denese Hydroshield Ultra Moisturising Serum**, £69.95. Don't forget hands and cleavage in your skincare routine.

Dr Denese Hydroseal Hand & Décolléte Serum, £29.95, will revive ageing skin in both areas.
