## Creams

Of course, there are other, less invasive ways to improve the appearance of your skin. We asked four My Weekly readers to test wrinkle-busting skin creams and gels...

### Proto-col Instant Face Life Duo Pack, £69.95

"My skin's much nicer since I started using this – it's really making a difference." Maureen (62)

**Star Rating: 9/10**

### Environ Début, £25.95

"My skin feels and looks good but I prefer my usual moisturiser as it lasts longer."

Lesley (54)

**Star Rating: 7/10**

### Wrinkl-Less Line Reducer Serum from Dr Denese, £79.95

"I really liked this cream and soon found that my skin was softer and brighter. It is expensive – but if I could afford it, I would certainly buy it!"

Frances (58)

**Star Rating: 8/10**

### De Tuinen Snail Gel, £19.99

"I wasn't too sure about applying a gel made from snail slime to the crepey lines on my neck and chest but my skin looks better and no longer feels dry."

Samantha (42)

**Star Rating: 7/10**
